

ICT European Online Job Day - 9 May 2014

Make IT Ireland Make IT Online

**Are you a jobseeker with software and IT skills
looking to develop your career?**

**We are looking for people like YOU
to join Ireland's booming technology sector!**

At the ICT Online European Job Day you will be able to search and apply for jobs that match your profile, make contact with employers and book one or more job interviews during the event. You can also view company presentations online and ask questions after each presentation. Furthermore, you will be able to attend the virtual presentations 'Your First EURES Job' (European financial support available to mobile workers) and 'Living and Working in Ireland'.

ICT European Online Job Day is an ideal opportunity for jobseekers to meet with Irish-based companies eager to recruit talented professionals.

Register now at <http://www.europeanjobdays.eu/dublin> and join us online on May 9th for interesting presentations and interactive sessions on ICT career opportunities in Ireland.

Prepare to apply for jobs

Research the employers

If you're interested in applying for a job at a particular company or chatting to a particular employer, do your research before approaching them by checking out their profile on the website. Find out as much as you can about them.

Event programme

The Programme will include presentations on topics, such as:

- * Ireland as a living & working destination
- * Company presentations Overview of ICT career opportunities in Ireland
- * Your first EURES job: relocation grants & funding towards the cost of traveling to an interview
- * Live Q&A sessions will follow each presentation

Working in Ireland

Ireland is the largest exporter of computer and IT services in Europe. Global leaders such as Intel, HP, IBM, Microsoft and Apple are long established in Ireland and are complemented by innovative technology creators like Realex, Datalex, CR2, iQuate and Ezetop.

These have been joined by newer iconic names like Google, Facebook, LinkedIn, Amazon, Paypal, Ebay and Twitter and exciting new Irish companies like Datahug, Feedhenry and Storyful. Dublin is also Europe's leading hub of innovative games companies like Big Fish, EA, Havok, Trust 5, Demonware, Zynga, Popcap, Riot Games and Jolt.

This thriving technology industry offers exciting career opportunities whether you want to work for a tech giant or a dynamic smaller company developing leading edge technologies of the future.

Register for the event

Registration of jobseekers opens on April 9.

Take the first step towards your new ICT career in Ireland by registering online now at www.europeanjobdays.eu/dublin.

Join us online in Dublin on May 9 to talk to potential employers and organise an interview.
