

Are you registered dentist within the EU/EEA?

Sweden has a shortage of dentists. We are now addressing you who are looking for a new career!

Working within the health sector in Sweden: <https://sweden.se/life/society/healthcare-in-sweden>

You will be directly employed without any intermediary and the employers will assist you with the relocation process. Salaries offered are according to collective agreements, individual experience and abilities. The amount will be discussed with employers on an individual basis.

EURES Arbetsförmedlingen, Health Recruitment Team, is part of the Swedish Public Employment Services and are cooperating with The Swedish Public Dental Care in different regions in Sweden. We will accept your CV and match with Job offers from employers we are in contact with. The CV will be sent to the employers which can be all over Sweden.

General Information for you:

To be able to get a Swedish licence, you need to get your qualifications recognised. You also need to have language skills in Swedish, <https://www.socialstyrelsen.se/en/>

Benefits - Targeted Mobility Scheme (TMS)

If you are an EU/EEA citizen you may be eligible for support from EURES Targeted Mobility Scheme. Read more at <http://euresmobility.se>

Requirements

- Good English communication skills - Highly motivated to learn Swedish - Registered dentist within the EU/EEA.
- If you are not a registered dentist within the EU/EEA you need to have awarded a licence in an EU or EEA country and practiced under that licence for at least three years.
