

Senior Embryologist for a Private Fertility Clinic in Aarhus

Sellmer Klinik Aarhus ApS

Would you like to work as an embryologist at a private fertility clinic in Aarhus, where you will have supportive colleagues, sufficient time to perform your work and a high degree of influence?

We are looking for a skilled embryologist to join our clinic in Aarhus. You will become part of a multidisciplinary team united by a shared passion for making a difference to our patients.

About the position

The clinic is open five to seven days a week throughout the year. Many of our patients come from abroad, although we also treat a considerable number of Danish patients. We offer a full range of treatments within IUI, IVF/ICSI, egg donation and ROPA.

We are a straightforward and informal workplace guided by the principle of freedom with responsibility. Sellmer Klinik Aarhus is owned by Anette Sellmer, who forms the clinic's management team together with Clinic Manager Bodil Meldgaard. Our management is visible and committed and delegates responsibility to employees who thrive on it.

We place our patients and a positive working environment at the heart of everything we do. This means, among other things, that you will have sufficient time to carry out your duties properly and will be expected to take an active part in developing and implementing new ideas.

The laboratory team performs tasks including:

- IVF and ICSI
- Embryo transfer
- Thawing and cryopreservation of oocytes and blastocysts
- AHA
- Sperm preparation and cryopreservation
- Assessment of oocytes
- Administrative duties, including tasks related to the export of tissues and cells

Your colleagues

We have an excellent working environment and work very well together across professional disciplines. We respect and make use of each other's expertise while keeping up with developments in the field and continuously improving our overall professional standards. We also have a strong social community. We eat lunch together every day, enjoy spending time together and occasionally meet outside working hours. We value our positive working environment highly and make a genuine effort to protect it. It is therefore important to us that our new colleague feels at home and fits well within the team.

About you

- You are a qualified embryologist.
- You have experience within fertility treatment.
- You enjoy working collaboratively with colleagues on patient-related tasks while also being comfortable working independently.
- You speak and write Danish and English.
- You are able to work 28–37 hours per week, including weekends and public holidays as part of a fixed rota.

We offer

A workplace with strong collegial support and professional sparring as part of a close multidisciplinary team. You can expect:

- Sufficient time to carry out your daily duties and a high degree of influence
- Opportunities for professional and personal development
- Friendly and positive colleagues
- An organisation with a short path from decision to action

Applications Via e-mail: bodil@sellmerklinik.dk

Deadline for applications : 19 November 2026

The terms of employment will depend on your experience and qualifications. Employment is conditional upon your consent to the clinic obtaining a satisfactory child protection certificate and upon holding the required professional authorisation.

For further information about the position, please contact Bodil Meldgaard at bodil@sellmerklinik.dk.

We look forward to hearing from you!
