

BAKERS

Ingmarsö bageri

Ingmarsö bakery looking for bakers.

We started off as a small bakery, but built it in to a restaurant, deli-shop, boutique and café.

At Ingmarsö Bakery we always bake stone-oven baked bread and buns.

In the old barn at the sea, we built our bakery with an outdoor seating in the garden and local products in the boutique. We work a lot with sourdough and Swedish buns is our specialty. We produce bread and buns for our two units at Ingmarsö, but also deliver our products to several islands around the archipelago.

We have a bread-boat that are selling bread and buns by boat around the archipelago, we do pizza nights, live music, caterings and themed evenings most of the time!

- Now we are looking for lovely, talented bakers who can be with us in our staff team for this summer.

We are looking for bakers who can take responsibility, not are afraid to work hard and who think it is fun to have a lot to do, because with us there is always something going on!

We want you to be comfortable with making dough and shaping bread, and if you have experience of the oven and making buns that's always positive.

For us, it is important to enjoy ourselves together and have fun in the workplace, as we who work here, are like a family.

- With that said, we also assume that you keep the same high quality in your work as we do.

If you can work all summer, June-August, we will be happy, but we are able to extend or reduce if needed. With the right person, there are different possibilities.

We can provide with accommodation, and all the practicalities can of course be solved as well!

Send the application to info@ingmarsobageri.com (CON COPIA A eures.nordicos@sepe.es)

I hope to hear from you!
