

NVH Test Engineer at Dinex A/S in Denmark

Do you want to join our growth journey? Are you ready to walk the extra mile to create results? Dinex is looking for an NVH and Test Engineer, who will support the validation of tomorrows exhaust and emission systems for diesel and gas engines and in co-ordination with our customers. The position holds many personal and professional development opportunities and for the right candidate great career opportunities in an exciting local as well as global environment.

Qualifications

- Engineering degree within acoustics & vibration
- Detailed knowledge of material testing and dynamic vibration testing
- Detailed knowledge within NVH data acquisition systems and electrodynamic test equipment
- Detailed knowledge within test data analysis
- Detailed knowledge in the field of signal analysis, material fatigue & sound transmission
- Mechatronic experience is an advantage
- Good English skills both written and oral
- Ability to apply creative problem solving
- Agile, customer-focused, and result-oriented
- Good level with MS Office package
- Able to keep agreements and stick to deadlines
- Proactive and wants to make a difference
- Organized and systematic mindset with great attention to detail
- Team player
- Flexible working hours are occasionally required

Roles & Responsibilities

You will take the role as NVH and Test Engineer with the main responsibility of:

- Setting up tests and data acquisition for NVH testing.
- Carry out hot vibration testing on exhaust aftertreatment systems.
- Analyze road load data and extract vibration profiles for subsequent use in vibration testing.
- Continuous improvement and standardization of hot vibration testing.

Ref. Oferta Portal EURES: 5417733

- Carry out various tests on heater/blower setup
- Maintenance of hot shake test cell, flow rig and all related measuring equipment and hardware.
- High focus on securing safety and usage of PPE (personal protective equipment)
- Responsible for 5S and cleanliness in selected areas
- Hourly registration
- Be a good representative of the Test Center in relation to customers
- Travel to Dinex test centres, customers, and engine test cell suppliers and field vehicle testing 5-10 days per year
