

DOCTOR, RHEUMATOLOGY SPECIALIST at Madrid (Spain)

Ref EURES: 6893007

At [Clínica DKF](#) (Madrid, Spain), we are specialists in rheumatology, pathologies of the musculoskeletal system and sports medicine in Madrid, among others. At our clinic we are committed to the general health of our patients. Thus, we present a team of professionals from different specialties enabling us to develop a diagnosis and offer complete treatments that provide long-term results.

We work on the prevention, diagnosis and treatment of non-traumatic diseases of the locomotor system. In our facilities we have the latest diagnostic techniques and less invasive treatments.

For a correct diagnosis we use high-resolution techniques such as minimal radiation CT (CONE-BEAM) and color Doppler ultrasound. These techniques are highly necessary to establish a differential diagnosis and thus, be able to apply and refer to the most effective treatments.

Clínica DKF bases its treatments on three pillars:

- **Technology:** We have the most advanced technology on the market, such as high frequency focused shock waves, high intensity laser, magnetotherapy and electrotherapy.
- **Biological therapies of regenerative medicine:** We are experts in regenerative biological therapies, such as ORTHOKINE infiltrations or Growth Factors (PRP), among others.
- **Recovery:** We have our own multidisciplinary team of physiotherapy and podiatry.
