

Skilled and dedicated Psychiatrist - are you our new colleague?

Do you want to work in The Mental Health Services in a welfare state where mutual trust between employee and manager is essential? Where the work-life balance is among the best in the world and where you have the possibility for professional development?

We offer a professional work environment in the beautiful Region of Southern Denmark

At The Mental health Services, Region of Southern Denmark we want to strengthen our professional environment with a specialist physician. We are looking for a talented and dedicated psychiatrist to our department in Vejle.

At arrival, you will participate in our well-tested onboarding program, which consists of relocation support, thorough introduction to the workplace, help with all practical matters and an intensive in house language course.

You will be working and living in the beautiful city of Vejle. A city that has a lot to offer in terms of both nature and culture. Vejle is centrally located with only a 30 minutes' drive to Billund international airport and is within driving distance of both the German border and the Capitol of Copenhagen.

We provide specialist healthcare

The department in Vejle is part of the Mental Health Services in the Region of Southern Denmark. The department provides specialist healthcare services to approx. 300,000 inhabitants. The department is a professional independent unit responsible for the mental healthcare and provides various types of services, such as inpatient ward, outpatient and emergency services. The department has FACT teams cooperating with the municipalities, and local emergency teams during daytime.

We work interdisciplinary and collaborate across the sections with attending specialist physicians, doctors in specialization, psychologists, physiotherapists, nurses, social workers, healthcare professionals and healthcare secretaries.

Environmental therapy is an important part of the treatment in the inpatient units. We have joint medical meetings and treatment meetings with focus on various professional topics. We are now strengthening our treatment group with an attending specialist physician. The current vacancy is in our inpatient unit with the possibility to transfer to an outpatient clinic later on.
