

Vacancy

Radioactive Waste Management Technician

Yours Tasks

As a member of the Building and Site Maintenance Service, which is part of the ILL's Projects and Techniques Division, you will have the following duties:

- Install and commission electrical equipment, using assembly drawings/diagrams, in accordance with safety regulations and industry best practice
- Install and connect wires/cables, equipment and cable trays.
- Install wires/cables and connect them to the electrical panels (distribution board, general low-voltage switchboard, control panel, etc.) with which the installations are equipped
- Perform all or part of equipment commissioning
- Perform new work, but also alterations, upgrades, extensions and modifications to ensure installation compliance in the event of changes to regulations
- Perform maintenance and troubleshooting of electrical equipment, where necessary.

In the course of these duties, you may be required to work at height.

Qualifications / Experience:

- You have a Level 3 qualification (NVQ, City & Guilds, apprenticeship or equivalent) in electrical installations,
- You have at least 5 years of professional experience as an industrial electrician (not commercial/domestic),
- You have good organisational skills and are able to work quickly. You are an excellent team player with an ability to use your own initiative,
- You are punctual and reliable and are able to work to schedule and respect working hours.

We offer:

- ✓ **Quality of life** A hub for research and technology, the city of Grenoble is ideally located in the heart of the French Alps (just 3 hours from Paris/Provence by train, 1 hour from Lyon international airport and 1 ½ hours from Geneva). It is important for us that our staff achieve a healthy work-life balance. We therefore offer home working (under certain conditions), generous annual paid leave entitlement and a host of other benefits that you will discover when you arrive!

EURES ESPAÑA en:

This project is funded by the European Union

- ✓ **Prospects** We guarantee you a **permanent position** in a multicultural scientific environment.
- ✓ **Benefits** - We offer generous social benefits (expatriation allowance, excellent health cover), moving and relocation assistance (under certain conditions) and an annual productivity bonus. We also offer language courses for you and your partner and subsidies for the use of public transport and the staff canteen, as well as for holidays and a variety of cultural and sports activities.

How to apply:

Please submit your application on line no later **30/03/2025**, via our website :

www.ill.eu/careers

(vacancy reference : 25/18).
