

Vacancy

System and Network Technician (f/m)

Yours Tasks

The Infrastructure group (a team of 5 to 10 people) is responsible for the Institute's entire IT infrastructure. The group's main activities involve managing server rooms, scientific data storage, virtualisation infrastructures, the network for the entire site, server security and telecommunications (telephony, email, etc.).

You will join the Network and Data Services Group and participate actively in the following activities:

- Lead and carry out technical projects
- Design and architect new solutions
- Actively participate in the data management policy
- Participate in the maintenance and development of the infrastructures of the ILL's main information system.

Qualifications / Experience:

Level 4/5 qualification (BTEC HNC/HND or equivalent) in computer systems, supplemented by a professional experience of at least 2 years on heterogeneous Windows and Linux IT infrastructure projects. You are fluent in English, both orally and in writing.

Obligatory IT skills:

- Experience of Debian GNU/Linux administration
- Good knowledge of network administration
- Good knowledge of Windows server administration
- High sensitivity to IT security
- Experience on data management policies (FAIR data)
- We would also appreciate experience with an automation tool (Ansible, Puppet, Chef, etc.)
- Experience in a research environment would be a plus.

The main tools to master are, among others:

- System administration: Debian, Windows Server
- Networks: Extreme networks.

We offer:

- ✓ **Quality of life** A hub for research and technology, the city of Grenoble is ideally located in the heart of the French Alps (just 3 hours from Paris/Provence by train, 1 hour from Lyon international airport and 1 ½ hours from Geneva). It is important for us that our staff achieve a healthy work-life balance. We therefore offer home working (under certain conditions), generous annual paid leave entitlement and a host of other benefits that you will discover when you arrive!
- ✓ **Prospects** We guarantee you a **stable permanent position** in a multicultural scientific environment.
- ✓ **Benefits** - We offer generous social benefits (expatriation allowance, excellent health cover), moving and relocation assistance (under certain conditions) and an annual productivity bonus. We also offer language courses for you and your partner and subsidies for the use of public transport and the staff canteen, as well as for holidays and a variety of cultural and sports activities.

How to apply:

Please submit your application on line no later 06/11/2022, via our website :
