

BIM Draftsperson 2D / 3D

Number of Posts: 1

Contract Type: definite

Job description

- Following specifications and calculations developed by other members of the Engineering Team, to create technical 2D drawings and 3D BIM models for complex RAS projects.
- Preparation of rough sketches as well as detailed work with CAD and Revit.
- Communicating and collaborating with Architects, Mechanical and Electrical Engineers, and other specialists as part of the design process. Incorporating the design efforts of the team and knowledge gained into drawings.
- Developing bill of quantities and assisting the Team with design cost estimates.
- Ensuring that the Company's drawing management standards are employed in the work and ensuring that such designs are adequately referenced according to procedures, stored and appropriately communicated to third parties
- Keep up to date on the industry and engineering standards through research and be flexible to employ the knowledge learned in the assigned work
- Ensuring that the technical direction of the Head, Architecture, BIM & Drawing Management is followed at all times.
- Execute other duties as may be assigned by the COO, CEO and Directors of the Company from time to time.

Requirements:

- The successful candidate must have a minimum of a tertiary level education qualification in architecture or building services subject
- The selected candidate will be required to speak and write English fluently, and knowledge of any other languages would be considered an asset, although not essential.
- The selected candidate must have a clean EU / EEA passport OR be a third-country national (TCN) presently residing in the EU with no travel restrictions or legal convictions and be in possession of a clean driving licence.

Training provided:

Successful candidates will go through our internal onboarding procedure, whereas all information and documentation will be provided before start date, for information and signing. Technical training will also be provided, specific to the role and skills assessment of the selected individual

Any assistance with accommodation/relocation:

AquaBioTech Group offers all employees company accommodation, which comes at cheaper rates compared to personal renting, and which will be available immediately for new employees to use upon their arrival. All preparation related to accommodation is handled by the company

EURES ESPAÑA. Síguenos en

Salary:

The successful candidate will be offered a long-term, fixed-term contract with the company. The starting package offered for this position will be structured upon the chosen candidate, reflecting the experience the candidate brings to the company, but also in line with the cost of living in Malta and could include an accommodation package, if required. Euros 24.000- 28 .000

How will the interviews be held

- Both online and in-person interviews will be held, depending on the location of the individual

To apply:

Please send Letter + CV in English by email to eures.recruitment.jobsplus@gov.mt con copia a pcpmixto.eures@sepe.es quoting the name of the vacancy **BIM Draftperson** and the vacancy reference **413554** in the covering email.

Applicants must be Maltese/EU Nationals/other nationals who are entitled to equal treatment as EU Nationals with regards to employment (such as family members of EU Nationals) due to EU legislation & treaty rights regarding the free movement of workers.
