

Welder

Ref. number WBS: 2960124

Lugar: Países Bajos

Fecha: 22/10/2024

Welder wanted!

Are you an experienced welder or pipefitter? The Netherlands is looking for you!

As a Welder / Fitter you will work with the assembly of prefabricated parts and installation materials. You perform various welding activities such as TIG welding. In addition, you place and assemble piping systems and components. You regularly communicate with colleagues and customers. You can work independently and ensure proper execution of the work. Depending on your knowledge and experience, there are various options to join or grow into; fitter, independent fitter or foreman.

Job requirements:

Can work in a team and keep agreements;

Is creative and flexible;

Quality-conscious and able to work accurately;

Is willing to travel (within the Netherlands);

Good communication skills in English;

Possession of a VCA basic diploma is an advantage;

Possession of a welding diploma at least level TIG 3 is an advantage.

Housing will be arranged and is included!

Salary: minimum € 500 euro net per week!
