

Chef con inglés (2 puestos).

Valsøya Fjordcamping AS. Valsøyfjord (NORWAY)

www.valsoya.no

At Valsøytunet, we offer accommodation, camping and good dining experiences to our guests throughout the summer. We are a small holiday destination for families, and we have an associated climbing park within walking distance of us. Valsøytunet started in 1996 as a campsite and has since moved many houses to Valsøya which have been renovated and put into use as accommodation units and a restaurant. We have simply started with the reuse of houses. Since 1996, Valsøytunet has grown to become hotel-like business with 14 unique accommodation units, almost 50 drop-in campsites and a restaurant with space for a total of 130 dining guests. We are a Green Key certified company, this is an international environmental certification for accommodation and hotels.
