#### About us:

Romme Alpin is located 13 km outside of Borlänge in southern Dalarna and is Sweden's largest ski resort outside the mountain regions. With 34 slopes and 14 lifts, it offers skiing like in the mountains but at a close distance. Romme Alpin's Ski Lodge is currently the largest in Dalarna with 700 beds. At the heart of our resort there are several of our restaurants, such as the large Lodge Restaurant with space for 700 skiing guests. We also have additional restaurants located at the top of Snöberget and Solklinten.

We have several restaurants: The **Lodge** restaurant where we serve food with different themes each evening. At **Wårdhuset**, we serve homemade nutritious Swedish dishes, using local ingredients. **Toppstugan** provides stunning panoramic views and is an A la carte restaurant with table service. **Våffelstugan** is specialized in waffles with homemade jams. We even have a burger place that serves a large number of burgers to our guests in a short amount of time. Here, it's all about speed to quickly satisfy hungry skiers.
