Construction workers.

Robust Bemanning AS www.robustbemanning.no

Stavanger, Noruega

Robust Bemanning AS is a Norwegian staffing and recruitment company specializing in the construction industry in the Stavanger region. We provide skilled personnel to a wide range of building and construction projects and employ skilled workers such as **carpenters, painters, concrete workers, formwork carpenters and other construction trades**.

We offer both **temporary and permanent opportunities**, depending on your skills, experience and preferences.

Our goal is to help people build a stable working life in Norway. Whether you are looking for your next assignment or a long-term career opportunity, we focus on matching you with jobs where you can use your skills, develop professionally and become part of a safe and reliable working environment.

Job description	Join a variety of construction projects in the Stavanger region, ranging from residential buildings to commercial and industrial developments. As part of the team, you will perform practical construction work, collaborate with skilled tradespeople, and help deliver quality projects to a high professional standard. This role is suited for workers who enjoy hands on work, take responsibility for their tasks and want to build a stable career in the Norwegian construction industry.
Job Requirements	We are looking for candidates with experience from the construction industry . A vocational qualification or trade certificate is an advantage, but relevant work experience may compensate for formal education. Applicants should be able to work independently and cooperate effectively with colleagues on site. Good English communication skills are required. A strong work ethic, reliability and focus on quality and safety are essential. Relevant certificates, driving licence (Category B) and additional trade specific qualifications will be considered a plus.
We offer...	Salary is based on qualifications, relevant work experience, and the position offered. Competitive wages and employment conditions are provided in accordance with applicable collective agreements and Norwegian labour legislation. Minimum 162,50 hours per month
More Info	We can help with accommodation. EURES adviser from Norway will help with financial applications through TMS such as relocation allowance.
How to apply?	Enlace para solicitar el puesto: enviar CV en inglés por email Kamila@rbem.no Copia a eures.nordicos@sepe.es ASUNTO: CONSTRUCTION WORKER CV Plazo: 30/6/2027
