FULL STACK SOFTWARE DEVELOPER

Number of positions: 1

Contract type: 24 months or Indefinite

Job description

The employer (Croft Technologies limited) is the fastest growing RegTech firm in Europe building the most innovative compliance, risk and reporting platform and providing other KYC/due diligence solutions.

The employer is looking for high calibre and talented Engineers/developers to join their software development team in a Full Stack Developer role – Mid or Senior level. The candidates will be required to demonstrate their expertise and ability to write high quality software code using various language and technologies.

There is **No remote working arrangements** being offered as it´s an on-site role based at office in Malta.

Responsabilities

- Write high quality, scalable and reusable code
- Create and maintain software documentation
- Contribute ideas within an agile Development team
- Maintain existing projects and develop new exciting products and services
- Lead the Front End development of all existing and new projects
- Remain knowledgeable of emerging technologies/industry trends and apply them into operations and activities

Personal Requirements

- Autonomous, self-motivated, details-orientated Developer
- Passion for continuous learning and discovery
- Determined problem solver
- Develop modern JavaScript applications
- JavaScript, TypeScript
- HTML5
- CSS
- React Framework
- Server Side development
- Node.js
- Postgres

Experience Requirement

- 5+ Years Front End JavaScript
- Design/UX/UI/Developer
- Modern JavaScript, HTML 5 and CSS expertise (React, Tailwind) as well as Vanilla JS
- 5+ years on Node.js
- 3+ years on Postgres or other databases
- Ability to independently design, develop, test and maintain applications
- Superb debugging and problem-solving skills

Qualifications Requirement

- Minimum Bachelor degree in Computer Science, Software Engineering, programming, or equivalent qualification in computer science.

Other

- Application received from candidate based in **Malta or EU/EEA** would only be considered who would be able to join the employer without any work permit sponsorship
- Preference would be given to candidates who can **join immediately**.

Industry: Information Technology & Services

Employment Type: Full-time

Training provided: On the job training or as and when required to perform the role.

Any assistance with accommodation/relocation: This needs to be discussed at a later stage. The company can assist in providing relocation support.

Any other benefits

- Health insurance
- Hybrid Working arrangements
- Opportunity to work with Industry Veterans

Salary: Up to €50,000 depending on knowledge, experience, qualification, seniority, etc

How will the interviews be held
The initial interview for short listed candidate will be held via video call.
The selected candidate would then be required to visit in person to employer´s office in Malta for a personal meeting, technical assessment and interviews

Reference number: 406505
